Minutes of Capital Review Committee Meeting
Tuesday, January 23, 2001
123 Jesse Hall

Attending: Mark Bresnahan, Brady Deaton (co-chair), Kee Groshong (co-chair), David Housch, Chris Koukola, Michael Middleton, Michael Nolan, Cathy Scroggs, Scott Shader, Gary Smith, Bruce Walker and Alan Warden

Absent: Jim Bunton, Julie Moore and Benyamin Schwarz

The following agenda items were discussed.

1. School of Music and Performing Arts Center – Bill Bondeson and Dean Richard Schwartz

Bill Bondeson and Dean Richard Schwartz gave a brief presentation on the status of the programming and space needs for a new Performing Arts Center and a new School of Music Building at MU. Bill Bondeson handed out a space programming study that was completed by Paulien and Associates that indicated a need for a 94,946 GSF Performing Arts Center and a 140,185 GSF School of Music Building. Bill Bondeson and Dean Richard Schwartz asked CRC for some planning monies so that design development documents and renderings of these new buildings could be developed for display and for use in trying to obtain private donations to build these buildings through the capital campaign.

Recommendation: The committee agreed to approve the request for planning monies for design development for this project. Provost Deaton and Kee Groshong agreed to get together to discuss how this project will be funded.

2. General site—Light Soccer and Softball Fields – Gene McArtor

Gene McArtor from the Athletic department addressed the committee and handed out a memo dated January 17, 2001 answering the committee’s question from last meeting, regarding the amount of lighting that would be produced and its possible affects on the neighboring Grasslands community. Gene McArtor stated that the lights will not be directly facing the Grasslands community and that they will be set far back from Stadium, and that if there was glare from the lights they would be very minimal. The city of Columbia was also consulted and had no objections.

Recommendation: The Committee agreed to approve the installation of the lighting for the Track and Soccer fields without any glare optics.
3. **General Site—Light Soccer & Softball Fields – Larry Edwards on behalf of Alan Warden**

Larry Edwards discussed the department of Athletics request to install new lights on the soccer and softball fields. The committee discussed the luminescence of the lights and the possible effects on the Grasslands neighborhood.

**Recommendation:** The Committee recommended that Larry Edwards and Chris Koukola approach the city of Columbia to solicit feedback regarding the lights, and their possible affects on the Grasslands neighborhood. Also, the Committee requested that Larry Edwards research the costs regarding reflectors that could limit the amount of light that the fixtures would emit, and report back the committee of his findings at the next meeting.

4. **White Campus Sidewalks – Larry Edwards on behalf of Alan Warden**

The Committee approved three new sidewalks at places on the White campus where student traffic has trampled the grass.

5. **Black Culture Center Monuments & Sidewalks – Larry Edwards on behalf of Alan Warden**

A request was submitted to CRC that would install nine colored insignia monuments of historically black Greek organizations in front of the Black Cultural Center. Also, this project would install several new sidewalks to the building for easier access to the entrance.

**Recommendation:** The Committee recommended the project as submitted with the caveat that the new sidewalks that get installed, allow for direct access from the entrance of the Black Cultural Center, to the parking lots in and around the building.

The committee also suggested that the following agenda items be part of the next meeting.

- Naming Conventions for Buildings – Signage (Issue: Townsend vs. Townsend Hall)
- Parking for Cornell Hall (Dean Walker)
- Student Recreation Center Expansion (Mark Bresnahan)

The meeting adjourned at 2:40 p.m.
