Minutes of Capital Review Committee Meeting  
Tuesday, February 12, 2002  
Room 123 Jesse Hall

Attending: Jim Bunton, Kee Groshong (co-chair), David Housh, Chris Koukola, Michael Nolan, Cathy Scroggs, Scott Shader, Robert H. Smith, Gary Smith, Bruce Walker and Alan Warden

Absent: Sam Babalola, Brady Deaton (co-chair), Michael Middleton, Benyamin Schwarz, Bruce Walker and Alan Warden

Guest: Todd Coleman, Larry Edwards and Lori Franz

The meeting began at 1:30 p.m. and the following agenda items were discussed.

1. **Tiger Plaza Update – Todd Coleman**

   Todd Coleman began the conversation indicating the Alumni Association’s request to install a new Tiger Plaza on the south end of the south quad between Cornell Hall and the General Classroom Building. The Tiger Plaza will have several columns installed that will honor the 1,000+ life long members/donors that have contributed to this Plaza, by inscribing a plaque with their name on it that will be permanently mounted on a side of one of the pillars. The requested donation is $500, which will also get a person life long membership in the MU Alumni Association and a plaque on the pillar. It should also be noted that this project is solely being funded from private donations.

   **Recommendation:** CRC approved the project as submitted.

2. **Capital Campaign Donor Recognition – Kee Groshong**

   Kee handed out a memo from Eileen Dyer, representing the Donor Recognition Sub-Committee for the Jefferson Club Trustees asking the campus for consideration to install a plaque in the south entrance lobby of Jesse Hall that would be used to honor major donors who contributed during the Capital Campaign.

   **Recommendation:** CRC decided to not approve this request at this time, and asked that the Sub-Committee look at other alternatives such as putting a pocket park on the north side of the south quad, between Hulston Hall and the Reynolds Center that would mimic the south quad install of the Tiger Plaza. Todd Coleman stated that he would bring this issue back to the Jefferson Club Sub-Committee for further discussion.

3. **Dalton Cardiovascular Research Center Gas Cylinder Storage Building – Larry Edwards on behalf of Alan Warden**

   Larry Edwards distributed a handout indicating the Dalton Cardiovascular Research Center’s request to install a temporary Gas Cylinder Storage Building that would be a 10-foot by 20 foot prefabricated building. This building is needed in order to allow for the temporary removal of the gas tanks that are currently in the high bay in the Dalton Building, since the high bay is going to be renovated. This storage building will be removed when the high bay-remodeling project is completed.
Recommendation: CRC voted to approve this request as submitted.

4. Fencing for Red Cross Site – Larry Edwards on behalf of Alan Warden

Larry Edwards distributed a handout that indicated the Red Cross’ desire to install a chain link fence around the perimeter of their site. This proposed fence would be constructed 8 foot high and be comprised of galvanized steel. This fence is being requested due to vandalism issues and fans that are utilizing their space during various sporting games at MU.

Recommendation: CRC voted to not approve this project.

5. Agriculture Building – Renovate Academic Offices – Larry Edwards on behalf of Alan Warden

Larry Edwards began the discussion by distributing a handout indicating the request by the College of Agriculture to renovate approximately 3,200 ASF of space, which includes their current Administrative and Student Affairs office areas in the Agriculture Building. This renovation project would also include removing an underutilized hallway between the Dean’s Office and the Ag. Student Affairs’ Office, and converting this space to additional new offices.

Recommendation: CRC approved this project as submitted including the conversion of the hallway space to offices.

The meeting adjourned at 3:30 p.m.
